OR* : Operation Room

COURSE DETAILS :

* Theoretical session (morning) – Practical session (afternoon)

* Although all topics will be described theoretical and by video shows, but it is impossible to live demonstrate on patients for all topics. Because it depends to find indicated suitable patients for each topics. Although we will do our best for it, if there isn't found indicated patient for any topic, we will recover that topic with detailed video sessions with explanations on it.

* Course is suitable especially for ObGyn, Urologists, Plastic Surgeons and General Surgeons but also Dermatologists and Aesthetic Practitioners for mostly procedures in the list.
